Index of Titles

ABSCESSES, Periesophageal: The Importance of Early Surgical Interference. Westley M. Hunt, 128.

Allergy in Otolaryngology and Its Relation to Other Manifestations. I. General Considerations. French K. Hansel, 54.

Allergy in Otolaryngology and Its Relation to Other Manifestations. II. Diagnosis and Treatment with Case Reports. French K. Hansel, 359.

Allergy of the Larynx: Report of Two Cases. C. S. Chang, 783.

Antro-Alveolar Fistulae: A Method of Closing. Rea E. Ashley, 632.

Antrum, Benign Cysts of the. Guerdan Hardy, 649.

BARANY'S Operation on the Frontal Sinus, Studies on. Karsten Kettel, 165.

Brain, Abscess of the, Care of Mastoid Wounds Following Operations on. Harold G. Tobey, 590.

Brain Hernia: A Postoperative Complication in Otology. Colby Hall, 291.

Bronchi. A Consideration of the Reflex Etiology of Cardiospasm. Ben L. Bryant, 802.

Bronchi. Cardiospasm: A Pneumatic-Mercury Dilator. Gabriel Tucker, 808.

Bronchi. The Acute Chest from the Bronchoscopic Standpoint. T. R. Gittins, 1087.

Bronchi. The Late Results of Foreign Bodies Long Retained in the Lower Airways. Ethan Flagg Butler, N. Stanley Lincoln, John Kenneth Deegan, Ralph Horton, 817.

Bronchitis, Acute Laryngo-Tracheo: Report of Three Recovered Cases. Maurice G. Evans, 216.

Bronchus, Fibro-Lipoma of the: Report of a Case. Thomas H. McGlade, 240.

Bronchus. Multiple Papilloma of Larynx, Trachea and Left Bronchus in a Child. Ellen J. Patterson, 1080.

Bronchus, Myoblastoma of. Rudolph Kramer, 1083.

CARCINOMA, Epidermoid, of Pharynx, Buccal Mucosa and Larynx. Dean M. Lierle, 875.

Carcinoma of the Uvula, Primary Squamous Cell: Report of Two Cases. J. Milton Robb and Merrill W. Michels, 521.

Carcinoma. Report of Two Cases of Carcinoma of Sphenoid and Ethmoid. Thomas L. Tolan, 1067.

Cardiospasm, A Consideration of the Reflex Etiology of. Ben L. Bryant, 802.

Cardiospasm: A Pneumatic-Mercury Dilator. Gabriel Tucker, 808.

Cerebrospinal Rhinorrhea, Spontaneous, Report of a Case of With Operative Cure. Andrew Wessels, 528.

Cigarette Smoke, Some Preliminary Experiments in the Study of, and Its Effects Upon the Respiratory Tract. Arthur Proetz, 176.

Cysts, Benign, of the Antrum. Guerdan Hardy, 649.

DEAFNESS, Conduction, A Note on the Greater Disability for Hearing High Tones in Cases of. A. G. Pohlman, 596.

Deafness, Congenital, An Operation for Possible Alleviation of Certain Cases of, and Certain Types of Acquired Chronic Deafness. Earl C. Padgett, 113.

Deafness from a Nutritional Standpoint, Eighth Nerve High Tone. Grant Selfridge, 608.

Deafness, Perception, What Is It From a Physiological and Histological Basis? M. H. Lurie, 3.

Dermatologic Conditions of the Ear, Nose and Throat. Frederick A. Figi, 81.

EAR. Acute Actinomyces Mastoiditis. J. A. Haiman and M. H. Adelman, 195.

Ear Hemorrhage, Late, Following Skull Fractures. W. E. Grove, 120.

Ears, Mastoiditis in Congenitally Deformed. A. T. Wanamaker, 140.

Ear, Nose and Throat, Dermatologic Conditions of. Frederick A. Figi, 81.

Ear, Spontaneous Hemorrhage From the. Thomas F. McCormick, 525.

Ear, Syphilis of the: A Histopathologic Study. Victor Goodhill, 676.

Ear. Value of the Vestibular Test in Neurological Diagnosis. J. L. Maybaum, 484.

Edema, Cerebral, as Cause of Intracranial Hypertension of Otitic Origin. Norman Levy, 999.

Eighth Nerve and Nicotinic Acid: A Preliminary Report. Grant Selfridge, 39.

Electrocoagulation of Tonsils. Meyer L. Niedelman, 227.

Empyema, Encapsulated, of the Petromastoid: Report of a Case. Henry L. Williams, 236.

Endoscopy Peroral, The Inception and Development of. Mervin C. Myerson, 454.

Ethmoid. Report of Two Cases of Carcinoma of Sphenoid and Ethmoid. Thomas L. Tolan, 1067.

FISTULAE, Antro-Alveolar, A Method of Closing. Rea E. Ashley, 632.

Foreign Bodies Long Retained in the Lower Airways, The Late Results of. Ethan Flagg Butler, N. Stanley Lincoln, John Kenneth Deegan, Ralph Horton, 817.

Fracture, Transverse, of the Petrous Pyramid. Wm. E. Grove, 491.

Fractures, Skull, Followed by Late Ear Hemorrhage. W. E. Grove, 120.

Frontal Sinus Disease, Serious Complications of. Claude T. Uren, 515.

HEARING Acuity and Stammering. M. Arline Harms, M. E. and J. Y. Malone, 658.

Hearing. An Operation for Possible Alleviation of Certain Cases of Congenital Deafness and Certain Types of Acquired Chronic Deafness. Earl C. Padgett, 113.

Hearing. A Note on the Greater Disability for Hearing High Tones in Cases of Conduction Deafness. A. G. Pohlman, 596.

Hearing. Eighth Nerve High Tone Deafness from a Nutritional Standpoint. Grant Selfridge, 608.

Hearing. Nicotinic Acid and the Eighth Nerve: A Preliminary Report. Grant Selfridge, 39.

Hearing. Restoring Forces in the Mechanics of Audition. A. G. Pohlman, 148.

Hearing. Testing of Transmission Apparatus with Bone-Conduction Receiver. J. N. Hulka, 1020.

Hearing. The Eighth Nerve in Relation to Thiamin Chloride and Nicotinic Acid: A Comparative Study. Grant Selfridge, 419.

Hearing. Tinnitus: Etiology and Evaluation of the Various Methods of Treatment. Daniel B. Hayden and Edward J. Chainski, 443.

Hearing. What Is Perception Deafness from a Physiological and Histological Basis? M. H. Lurie, 3.

Hernia, Brain: A Postoperative Complication in Otology. Colby Hall, 291.

Heart. Cardio-Inhibitory and Vasomotor Reflexes from the Nose and Throat. A. Sidney Harris, 311.

Hemorrhage, Spontaneous, From the Ear. Thomas F. McCormick, 525.

Hypertension, Intracranial, as Caused by Cerebral Edema. Norman Levy, 999.

INFECTION, Deep Neck. August L. Beck, 940.

Infection, Does Subepithelial Extension Occur from the Upper Respiratory Tract to the Lower: An Experimental Study. Robert E. Votaw, 103.

Infection. Study of Ten Cases of Deep Infection in Neck. C. W. Pond, 1055.

LARYNGOPTOSIS. J. E. Muslow, 779.

Larynx, Allergy of the: Report of Two Cases. C. S. Chang, 783.

Larynx. Indications for Direct Laryngoscopy. Chevalier L. Jackson, 926.

Larynx, Multiple Papilloma of Larynx, Trachea and Left Bronchus in a Child. Ellen J. Patterson, 1080.

Larynx, Pharynx and Buccal Mucosa: Epidermoid Carcinoma of. Dean M. Lierle, 875.

Larynx, Severe Injury to Resulting from Indwelling Duodenal Tube. Samuel Iglauer and William Molt, 886.

Larynx, Some Phases of Tuberculosis of the. Mervin C. Myerson, 707.

Larynx. The Management of Cicatrical Stenosis of the Larynx. John H. Foster, 643.

Lateral Sinus, Accidental Injury to the, with Report of Two Cases. Edwin C. Bach, 790.

MANDIBULAR Joint Dysfunction, The Mechanism of Trismus and Its Occurrence in. 499.

Mastoid. Care of Mastoid Wounds Following the Complete Mastoid Operation, Sinus Thrombosis and Operations on the Petrous Pyramid. Marvin F. Jones, 579.

Mastoid. Care of Mastoid Wounds Following the Radical and Modified Radical Mastoid Operations. J. Morrisset Smith, 585.

Mastoid. Care of Mastoid Wounds Following Operations on Abscess of the Brain. Harold G. Tobey, 590

Mastoid Disease. X-ray Treatment of Infections: A Review of the Literature and Report of Cases of Mastoiditis and Sinusitis. B. R. Dysart, 433.

Mastoid Operation. Brain Hernia: A Postoperative Complication in Otology. Colby Hall, 291.

Mastoid. Propagations of Inflammatory Processes Between Petrous Bone and Endocranium of "Frustrated" Form. George Kelemen, 375.

Mastoiditis, Acute Actinomyces. J. A. Haiman and M. H. Adelman, 195.

Mastoiditis in Congenitally Deformed Ears. A. T. Wanamaker, 140.

Maxillary Sinus, Irrigation of Through Natural Ostium. Forrest Merica, 1011.

Mediastinal Infections: Their Significance to the Otorhinolaryngologist. Alton Ochsner and Michael DeBakey, 747.

Mediastinum. Periesophageal Abscesses: The Importance of Early Surgical Interference. Westley M. Hunt, 128.

Myoblastoma of Bronchus. Rudolph Kramer, 1083.

NASAL TEETH: Report of a Case. L. R. Marshall, 775.

Nasopharynx and Paranasal Sinuses, Malignant Tumors of the. N. S. Weinberger, 203.

Neuralgias, The Facial: Their Etiology and Treatment. Mark Albert Glaser, 324.

Nicotinic Acid and the Eighth Nerve: A Preliminary Report. Grant Selfridge, 39.

Nicotinic Acid and Thiamin Chloride, The Eighth Nerve in Relation to: A Comparative Study. Grant Selfridge, 419.

Nose. Does Subepithelial Extension of Infection Occur from the Upper Respiratory Tract to the Lower: An Experimental Study. Robert E. Votaw, 103.

Nose and Pharynx, Non-Surgical Treatment of Diseases of. Gordon D. Hoople, 73.

Nose and Throat, Cardio-Inhibitory and Vasomotor Reflexes from the. A. Sidney Harris, 311.

Nose, Throat and Ear, Dermatologic Conditions of. Frederick A. Figi, 81.

Nose. Nasal Obstruction Caused by Collapse of the Nasal Alae. Harold I. Lillie, 600.

Nutrition. Eighth Nerve High Tone Deafness from a Nutritional Standpoint. Grant Selfridge, 608.

OSTEOMYELITIC Invasion of the Frontal Bone Following Frontal Sinus Disease. Samuel R. Skillern, 392.

Osteomyelitis of the Sphenoid Bone—Report of Five Cases with the Autopsy Findings. Howard C. Ballenger, 95.

Otitic Capsule, Experimental Studies on Enchondral Bone of. W. P. Covell, 934.

PAPILLOMA, Multiple, of Larynx, Trachea and Left Bronchus in a Child. Ellen J. Patterson, 1080.

Pansinusitis, Chronic, Pertinent Facts Relating to. William Mithoefer, 158.

Petromastoid, Encapsulated Empyema of the: Report of a Case. Henry L. Williams, 236.

Petrous Bone and Endocranium of "Frustrated" Form, Propagations of Inflammatory Processes Between. George Kelemen, 375.

Petrous Pyramid, Care of Mastoid Wounds Following the Complete Mastoid Operation, Sinus Thrombosis and Operations on the. Marvin F. Jones, 579.

Petrous Pyramid, Transverse Fracture of the. Wm. E. Grove, 491.

Petrous Temporal Bone, The Air Cells in, in a Child of Thirteen Years. J. Gordon Wilson, 35.

Pharynx and Nose, Non-Surgical Treatment of Diseases of. Gordon D. Hoople, 73.

Pharynx, Buccal Mucosa, and Larynx, Epidermoid Carcinoma of. Dean M. Lierle, 875.

Pharynx. Does Subepithelial Extension of Infection Occur from the Upper Respiratory Tract to the Lower: An Experimental Study. Robert E. Votaw, 103.

Pharynx. Sepsis Following Pharyngeal Infections. Colby Hall, 905.

Plastic Surgery, The Story of. Michael M. Wolfe, 473.

Polyp of the Tonsil: Report of a Case. William H. Evans and Robert E. Odom, 495.

RADIUM, The Use of, in Maintaining a Patent Fronto-Nasal Opening in External Operations on the Fronto-Ethmoid Group of Sinuses: A Preliminary Report. Henry L. Williams and Robert E. Fricke, 412.

Respiratory Failure, Certain Phases of. E. T. Gatewood and M. K. Cary, 1073.

Rhinorrhea, Spontaneous Cerebrospinal, Report of a Case with Operative Cure. Andrew Wessels, 528.

SINUS, Benign Cysts of the Antrum. Guerdan Hardy, 649.

Sinus Disease, Frontal, Osteomyelitic Invasion of the Frontal Bone Following. Samuel R. Skillern, 392.

Sinus Disease, Frontal, Serious Complications of. Claude T. Uren, 515.

Sinuses, Paranasal, and Nasopharynx, Malignant Tumors of the. N. S. Weinberger, 203.

Sinus, Ethmoid. The Use of Radium in Maintaining a Patent Frontonasal Opening in External Operations on the Fronto-Ethmoid Group of Sinuses: A Preliminary Report. Henry L. Williams and Robert E. Fricke, 412.

Sinus, Frontal, Studies on Barany's Operation on the. Karsten Kettel, 165.

Sinus, Frontal. The Use of Radium in Maintaining a Patent Frontonasal Opening in External Operations on the Fronto-Ethmoid Group of Sinuses: A Preliminary Report. Henry L. Williams and Robert E. Fricke, 412.

Sinus Disease. X-ray Treatment of Infections: A Review of the Literature and Report of Cases of Mastoiditis and Sinusitis. B. R. Dysart, 433.

Sinusitis: The Present Rationale of Treatment. Charles T. Porter, 769.

Sinus, Lateral, Accidental Injury to the, with Report of Two Cases. 790.

Sinus, Maxillary, Irrigation of Through Naturaal Ostium. Forrest Merica, 1011.

Sphenoid Bone, Osteomyelitis of—Report of Five Cases with the Autopsy Findings. Howard C. Ballenger, 95.

Sphenoid. Report of Two Cases of Carcinoma of Sphenoid and Ethmoid. Thomas L. Tolan, 1067.

Stain, Vital, Some Experiences with on Otolaryngological Tissues. Ellison L. Ross, 212.

Stammering and Hearing Acuity. M. Arline Harms, M. E. and J. Y. Malone, 658.

Stapedius Reflex in Man. H. B. Perlman and T. J. Case, 663.

Stenosis, Cicatricial, of the Larynx, The Management of. John H. Foster, 643.

Sulfanilamide in Otolaryngology. John G. McLaurin, 23.

Sulfanilamide in Otolaryngology: Some Personal Experiences. Ralph A. Fenton, 17.

Syphilis of the Ear: A Histopathologic Study. Victor Goodhill, 670.

TEETH, Nasal, Report of a Case. L. R Marshall, 775.

Test, Vestibular, Value in Neurological Diagnosis. J. L. Maybaum, 484.

Thiamin Chloride and Nicotinic Acid, the Eighth Nerve in Relation to: A Comparative Study. Grant Selfridge, 419.

Throat and Nose, Cardio-Inhibitory and Vasomotor Reflexes from the. A. Sidney Harris, 311.

Throat, Nose and Ear, Dermatologic Conditions of. Frederick A. Figi, 81.

Thrombosis, Sinus, Care of Mastoid Wounds Following the Complete Mastoid Operation, and Operations on the Petrous Pyramid. Marvin F. Jones, 579.

Tinnitus: Etiology and Evaluation of the Various Methods of Treatment. Daniel B. Hayden and Edward L. Chainski, 443.

Tonsils, Electrocoagulation of. Meyer L. Niedelman, 227.

Tonsil, Pathology of the, With Statistical Report and Microscopic Study. Allen C. Starry, 346.

Tonsil, Polyp of the: Report of a Case. William H. Evans and Robert E. Odom, 495.

Trachea. Multiple Papilloma of Larynx, Trachea and Left Bronchus in a Child. Ellen J. Patterson, 1080.

Treatment, Non-Surgical, of Diseases of the Nose and Pharynx. Gordon D. Hoople, 73.

Trismus, The Mechanism of, and Its Occurrence in Mandibular Joint Dysfunction. James B. Costen, 499.

Tuberculosis of the Larynx. Mervin C. Myerson, 707.

Tumor. Fibro-Lipoma of the Bronchus: Report of a Case. Thomas H. McGlade, 240.

Tumors, Malignant, of the Nasopharynx and Paranasal Sinuses. N. S. Weinberger, 203.

UVULA, Primary Squamous Cell Carcinoma of the: Report of Two Cases. J. Milton Robb and Merrill W. Michels, 521.

VASOMOTOR and Cardio-Inhibitory Reflexes from the Nose and Throat. A. Sidney Harris, 311.

X-RAY Treatment of Infections: A Review of the Literature and Report of Cases of Mastoiditis and Sinusitis. B. R. Dysart, 433.
